

Protect What Matters Most

Are You Prepared?

24/7 Life Safety... Are you and your family protected?

Most of the time, you simply don't see disaster coming. Perhaps you overlooked a fire hazard or didn't realize carbon monoxide—a poisonous, odorless gas, was building inside your home. What happens when you're not home during a fire or if you are unconscious due to carbon monoxide poisoning? Who will help you and your family when disaster strikes? With professionally installed smoke and carbon monoxide sensors from Honeywell Home, and 24/7 monitoring from your security dealer, emergency responders will automatically be summoned to arrive at the scene, helping to save lives and get your family to safety.

A house fire is every family's worst nightmare and when it comes to protecting your loved ones and pets, a monitored smoke and fire detection system is the right choice.

Fire Departments respond to a home fire every 90 seconds

On average, seven people die in home fires every day

– National Fire Protection Association

Each year, more than 400 people die from unintentional CO poisoning not linked to fires, more than 20,000 visit the emergency room, and more than 4,000 are hospitalized.

– CDC

Protect what matters most and choose from the Honeywell Home complete line of smoke, heat, carbon monoxide and combination units and give yourself peace of mind.
