

WORKLIGHTS

EW2B2P-CP

2" LED Worklight Counter Pack

The EW2B2P-CP 2" LED worklight is a high-powered and compact solution for any work truck, commercial vehicle or off-road application. Four 10-watt LED flood lights provide ultra-bright illumination casting a beam distance up to 246'. The one-bolt bracket mount makes installation on front bumpers, rear bumpers, a-pillars, or headache racks quick and easy. The EW2B2P-CP LED worklight has a durable polycarbonate lens and a low amp draw, allowing it to work for a longer time without draining the battery.
