CONNECTED STAY PROTECTED

What if you could transform the way fire systems are designed, commissioned, monitored and maintained with one tool?

Honeywell Connected Life Safety Services (CLSS) places connectivity at the heart of fire safety, providing real-time visibility to enhance timely, accurate decision-making.

LEARN MORE

Entrar en la pagina: https://www.fire.hon eywell.com/#/home

CLSS is an innovative, all-in-one cloud platform that enables systems integrators and facilities managers to deliver an enhanced fire safety service, while maximising the performance efficiencies offered by Honeywell's trusted detection and alarm systems.

By harnessing the power of data it delivers the connectivity and intelligence needed for secure, compliant and more efficient fire system management.
