

High Durability Double Insulated Cable For Electric Fence

Modelo: AWG50A

Cable Structure

Conductor	Material	Tinned Copper
	Gauge	22AWG
	Wires	Stranded 12 x 0.2 mm
	Number	1
Insulation	Material	PP
	Diameter	3.5±0.2 mm
	Thickness	1.04±0.1 mm
Outer Jacket	Material	PVC
	O.D.	5.55±0.2 mm
	Color	White
Length	100M	

Features

Tinned copper conductor performs better oxidation resistance

Multifilament flexible wire and anti-UV coated.

Operating temp.: -10°C~60°C

Applicaiton

High voltage electric fence
