

KENWOOD

XM65TWL / XM65TBL Coaxial Tower Speakers with Illumination

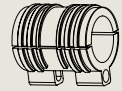

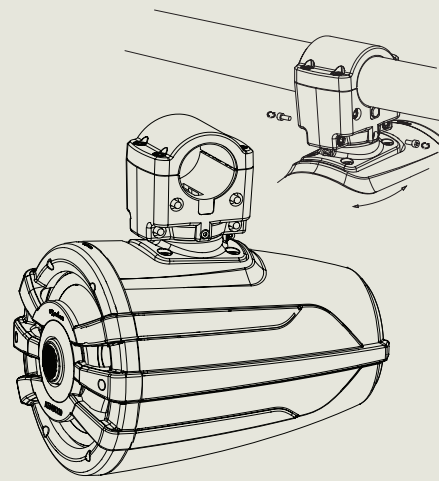

XM65TWL / XM65TBL blends reliable audio performance with customizable lighting, perfect for boats, ATVs, UTVs, or any powersport rig where visibility and style matter. With its durable enclosure, water resistance, and flexible mounting, it's tailored for rugged and wet environments.

FEATURES & HIGHLIGHTS

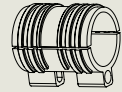

- **XM65TWL / XM65TBL** – 6.5" Marine & Powersports Tower Speakers in White or Black Enclosures.
- **Dynamic 2-Way Audio** – Premium 6.5" coaxial drivers produce crisp highs and strong mid-bass, ensuring music cuts through wind, waves, and engine noise.
- **Marine-Grade Construction** – Housed in white, weather-resistant enclosures with an IPX6 water-resistance rating, these tower speakers are built to perform in all conditions.
- **Frequency Response** – 65Hz–20kHz delivers full-range audio, from deep bass to crisp highs.
- **Power Handling** – Provides 75W RMS for strong, clear sound that cuts through wind, engine noise, and outdoor environments.
- **Impedance** – 4Ω ensures efficient power transfer from your amplifier or audio system.
- **Sensitivity** – 87 dB (1 W/1 M) allows loud, clear sound even at lower power levels.
- **Reliable Waterproof Connection** – Features a 6-pin waterproof speaker/RGB connector with an extended 3-meter length for flexible installation.

FEATURES & HIGHLIGHTS

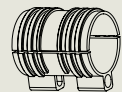

- **Rugged Mounting System** – Built with a durable cast aluminum clamp that fits 1.5”–2” round structures, offering swivel lock, flexible mounting.
- **Rotating logo cap for different mounting options.**

Rubber Gasket (1.5")

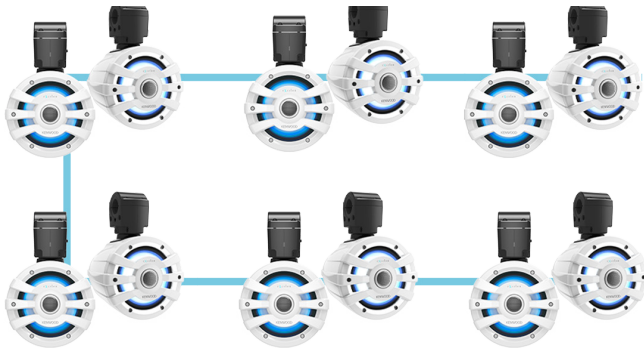

Rubber Gasket (1.75")

Rubber Gasket (2")
