

HS-FC20N-A1C01S

Overview:

FC20 is portable fast charging wall charger with excellent stability, performance and security. The texture and compact design makes it extraordinary. It support PD3.0 and is compatible with other fast charging protocol, which makes charging power up to 20Watts so that it can be perfect solution to make your Smart phone and other smart gadgets recover in short time.

Model:

HS-FC20N-A1C01S

Features:

- High-Speed Charging: Fast charge your iPhone 8/X/XR/XS/SE/11/12/13, iPad, AirPods, Apple Watch, Android Smart Phone, Switch, Wireless Earbuds and other compatible devices
- USB Power Delivery: Next-generation, future-proof fast charging technology that charges your phone or tablet at up to 20W
- Compatible with multiple fast charging protocol: Support PD2.0, PD3.0, QC2.0, QC3.0, FCP, Apple 2.4 and BC1.2 protocol
- Safe & Reliable: Built-in Mechanism of Over-Temperature Protection, Over-Voltage Protection, Short-Circuit Protection and Over-Current Protection protect your device and your safety
- Compact & Portable: Extremely compact form factor and foldable/detachable plug ensure maximum portability wherever you go.

Specification

Model	HS-FC20N-A1C01S
Type	PD20W
Plug	US
Output Port	Type-C
Dimension	28*28*30.5mm
Input Power	100V-240V
Frequency	50/60Hz
Output Power	5.0V=3.0A 15W, 9.0V=2.22A 19.98W, 12.0V=1.67A 20.04W
Overvoltage Protection	≤18V
Overcurrent Protection	Voltage=5V, Current <4.5A Voltage=9V, Current <3.5A Voltage=12V, Current <3A
Charging Protocol	PD2.0, PD3.0, QC2.0, QC3.0, FCP, Apple 2.4, BC1.2
Warranty	1 Year
